

# EXTERNAL CHANGES AND PAINT APPROVAL FORM

Please note that all architectural requirements as described in the building rules document still apply for any changes made later on, after the initial build has been completed.

Unapproved external changes will be deemed as “*Non compliance with building and architectural guidelines after occupation*” and applicable fine as per Heron Hill Fines List will be levied.

Examples of non-structural external changes are: Aircon unit, heatpump, solar panels, solar geyser, awnings, screens, pergolas, shade canvas, deck, water tank and anything else that will change the external facade of the house.
